

**BRIXO**

Lite

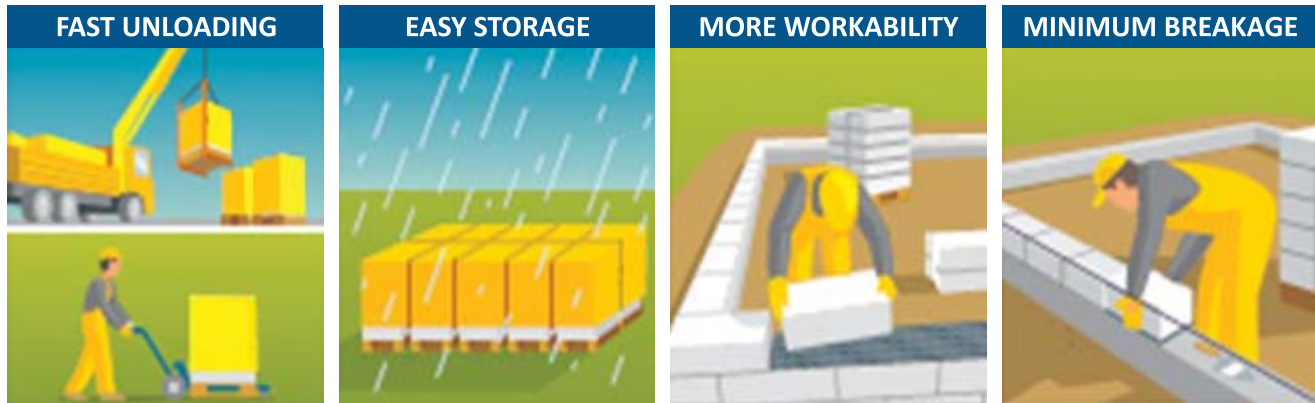

**HIGH STRENGTH LIGHT WEIGHT**

**EASY AND FAST MATERIAL MANAGEMENT**

BRIXOLite blocks are known as being cost effective ecofriendly Product for residential, industrial and commercial buildings. BRIXOLite blocks are characterized by its faster delivery, ease of unloading, minimum breakage and maximum workability. This results in a relatively higher construction speed which can deliver cost savings, particularly in large projects. BRIXOLite blocks are light-weight; simple to lay, quick to assemble, simple to cut by saw, (pipe) chases can easily be created. By using the right selection of Block size, productivity will be increased thus will reduce construction time. Blocks remain well within the working conditions in all season and also lightweight makes it, primarily, a labor-friendly product.

### EASY & FAST ORDERING

We believe in Faster, Better and Easy delivery of Material. Trading electronically through specially designed ebizzbrixi solution provides our client's cost savings through efficient management. The ebizzbrixi provides bridge between client, dealers and Brixi on same platform from order booking to dispatch of material.

### BRIXOLite TRANSPORTATION AND MATERIAL HANDLING
